

**PROFILE - TANYA PIMBLETT  
MEMBERSHIP COORDINATOR**

Tanya is a graduate of the 2017 Defence Industry Study Course and was elected to the position of DICA Membership Coordinator at the 2018 AGM.

Tanya has over 10 years’ of Defence experience and 15 years’ experience in procurement and supply chain.

Tanya began her Procurement career at SA Water and commenced working in Defence at ASC in October 2006. She has a Bachelor of Business, a Diploma in Government Procurement and a Diploma in Project Management; she has also undertaken study in Asset Management.

In her current role as the Commercial and Supply Chain Manager she is responsible for establishing key relationships and leading the commercial and supply chain development within the Submarine Capability Development Program, which includes managing and optimising ASCs supply chain capability, crucial to this is leveraging ASC’s build and sustainment supply chain capability for Future Projects and Programs.

Before undertaking this role, Tanya worked in key Supply Chain and Contract Management roles, including as a Subject Matter Expert in bid teams, contract management and negotiations of complex and major subcontracts and lead supply chain capability development projects predominantly on the Air Warfare Destroyer Program. Tanya also established and managed the Procurement Office in Spain and led the Supply Support Project for the Through Life Support of the Air Warfare Destroyers Platform System.
