

# Paul Roberts GAICD PMP

## Marketing/Merchandising Manager

Paul is a graduate of DISC 2015 and joined the DICA council in 2019.

Paul is a Program Manager and Engineer with a passion for delivering high technology solutions and supporting our Defence force men and women. Amongst his achievements is real time communications to the bottom of the ocean for James Cameron's Deep Sea Challenge expedition including relaying the world's deepest tweets.

Paul is a Graduate of the Australian Institute of Company Directors, Project Management Professional and former president of AIDN Western Australia.

Paul works for Rohde & Schwarz in Sydney, delivering communications systems for Australian and regional Navies. Paul previously worked for L3 Oceania in Western Australia and set up their Brisbane Night Fighting facility to provide and support the ADF with world leading night vision and thermal imaging technology.
